

MTI Physical Therapy

MTI Physical Therapy, PS, PLLC, founded in 1998 is operated by practicing physical therapists whom are also instructors for the Ola Grimsby Institute. By hiring the best physical therapists, combined with the best post-graduate training, we have created the optimal clinical environment for patient care and clinical training.

Our practice style continues to grow through the latest research, coursework and clinical mentoring of other physical therapists. As you work together with your clinical instructor and previous graduates you will recognize the caring excellence of an OGI trained physical therapist.

We hope that your experience with our MTI clinics will be unique and allow you to meet your individual educational goals.

Manual Therapy Residency Training

Full Time Clinical Training

OGI Tel: 800.646.6128 • MTI PT Tel: 425.746.2475

THE OLA GRIMSBY INSTITUTE

Sports Therapy • Manual Therapy • Orthopaedics • Spine

Full Time Residency Training

The OGI 12-Month Orthopedic Manual Physical Therapy Residency

Year I Doctor Of Manual Therapy (DMT)

The 12-month residency training may be offered as a full time program, with class time in addition to clinical mentoring and work, or as an Independent study program. The type of training offered depends upon the number of participating students in a given year, and is determined by the OGI. Both program options include:

- 130 one-to-one clinical mentoring hours
- CD-ROM with course notes, technique manuals and special test manuals
- Spinal manipulation courses taught by Ola Grimsby
- Final written and practical examinations

FULL TIME PROGRAM

The program involves 38 days of class instruction taught by a local OGI instructor. Class time will involve lectures on the course notes and demonstration of manual therapy techniques. Lab sessions included direct instruction in assessment and diagnosis of musculoskeletal dysfunction, as well as soft tissue work, joint mobilization and manipulation techniques and exercise progressions.

INDEPENDENT STUDY PROGRAM

The Independent Study Program is a twelve-month course of training. Students are assigned an instructor who provides weekly supervision to the student via e-mail. The instructor guides the student through the curriculum at his/her own pace within an established schedule, responding to questions and giving monthly quizzes. This option also includes free additional required courses:

- 3-Day Summary of Extremities Course
- 3-Day Summary of Spine Course
- 2-Day STEP Extremity Lab Course
- 3-Day STEP Spine Lab Course
- 3-Day Introduction to Spinal Manipulation

*** Consult the OGI website (Olagrimsby.com) for all specific requirements, applications and content of each program.*

Resident Benefits

A complete list of benefits includes:

- Competitive residency salary with exceptional benefits.
- Full time salary based on 36-hour workweek.
- Full tuition for the OGI DMT Manual Therapy Residency Program (Tuition includes courses and examination fees.)
- Paid National, AAOMPT, state chapter dues and state license fees

DMT Upon Graduation DOCTOR OF MANUAL THERAPY

OGI Degree registered in the State of Utah upon completion of all requirements as outlined by the Ola Grimsby Institute.

1:1 CLINICAL SUPERVISION MINIMUM 130 HOURS

Clinical hours meet requirements for Fellowship in the AAOMPT. You will have the opportunity to have direct 1:1 supervision from an OGI instructor working directly with patients, as well as daily interaction during normal patient care hours.

ADDITIONAL BENEFITS

Health insurance, 401k retirement plan, 2 weeks vacation, and 1 week sick leave. Optional employee payroll deductions for AFLAC programs for dental, vision, disability, accident, etc.

4-DAY WEEK - 1 PATIENT PER HOUR

One hour patient visits allow time to practice and develop clinical reasoning, manual skills and exercise prescription.

SECOND YEAR OGI FELLOWSHIP PROGRAM

Upon completion of the first year residency program, graduates may elect to continue for an optional second year. Fellowship program is through the Ola Grimsby Institute. The compensation package remains the same, with MTI Physical Therapy again covering all tuition costs. Optionally, you may elect to pay tuition costs yourself and be compensated with the normal staff physical therapist's salary and benefits package.

MTI Staff Physical Therapist Positions

FULL TIME COMPENSATION

Salary for full time staff therapists is set as a percentage of monthly collected revenue. A percentage of gross revenue goes toward all payroll taxes, employer paid 401k contribution, gross salary and healthcare benefits. More productive and efficient therapists can earn a greater salary for performing at a higher level.

CONTINUING EDUCATION

Annual continuing education money after residency is set at \$1,000, increasing \$250 per year of employment. Initial money is used for tuition only, with travel expenses also covered after several years of employment. State License fees and dues for membership into the APTA, PTWA and the AAOMPT.

ADDITIONAL BENEFITS

Above Industry health insurance and 10% 401k plan (employer paid as part of the overall % revenue sharing formula). Optional employee payroll deductions for AFLAC programs covering dental, vision, disability, accident, etc., are also available. Four day work week with one-hour patient visits for continued practice and development of clinical reasoning, manual skills and exercise prescription.
